

GB

 **Ages :** 4-10 years

 **Number of players:** 2-6

 **Contents:** 18 cards + 4 dice

 **Object:** To be the first player to turn over all 3 of your cards.

 **Setup:** The players each receive 3 cards which they place face up in front of them. Depending on the number of players and how long you wish the game to last, it is possible to play with more cards.

How to play: Players have up to 3 throws to roll a combination which matches one of their cards. The youngest player throws the 4 dice and play then continues in a clockwise direction.

At the end of each throw, you can decide to keep 0, 1, 2 or 3 dice and then throw the remaining dice. You may also decide to replay dice which you have already set aside.

If you manage to roll one of your combinations, turn over the corresponding card and immediately play again by throwing the 4 dice. You then have up to 3 more throws to roll a new combination.

If after 3 throws you have not managed to roll a combination, the turn passes to the next player.

Winning: The game ends as soon as a player has turned over all his/her cards. That player is declared the winner.
